Welcome 3rd Grade Class (Beginning Fall 2020)

Dear Parents,

I am excited to say that I will have the privilege of being your child’s teacher this coming fall. My name is Chris Morrone and I live in Phillips with my wife and six-year-old son. I know this has been a challenging year for everyone with all the COVID-19 adaptations being implemented. Thank you for all your patience and hard work to help facilitate your child’s learning at home. I believe that *strong relationships* with parents and *frequent communication* are essential to creating the kind of environment that will help your child grow, especially in these unusual times. Please know that I welcome you to contact me anytime (see school web page for contact info.).

I will be creating and monitoring a classroom Facebook page so all the students and families in my class can connect over the summer (Page Name: *Phillips Morrone*). Because we were unable to have the normal end-of-year introduction with the class, I thought this might be a nice way for everyone to interact and build the classroom community over the summer. I am an avid outdoorsman so I will be sharing some fishing, gardening, and other activities that I will be doing this summer and would love to see what the children and families are doing as well. Please don’t feel obligated to post anything but if you or your child would like to connect with myself or classmates, please share anything you’d like.

As a father, I realize how precious your child is to you. I want to assure you that being trusted with your child during the school day is a privilege I take very seriously; your child’s mental, emotional and physical well-being is my top-priority. I see each and every student as a unique and precious human being, who I look forward to spending each day with.

Have a great summer and I look forward to getting to know you all much better.

Warm regards,

Chris Morrone (Mr. “M”)
Phillips Elementary
3rd Grade Teacher
