Re: Notification of the Academic Standards

Pursuant to Wisconsin State Statute 120.12(13), school boards are required to annually be provided notice of the academic standards that will be in effect for the new school year. This topic is being presented to the full school board membership rather than taking it first to a school board committee since we are required to provide notice annually to the full membership.

To meet the requirements of Wisconsin State Statute 120.12(13), please be informed that the instructional plan for the 2023-2024 school year is as follows:

- English Language Arts - Wisconsin Academic Standards for English Language Arts
- Mathematics - Wisconsin Academic Standards for Mathematics
- Science - Next Generation Science Standards
- Social Studies/History - Wisconsin Academic Standards for Social Studies
- All other subject areas - Wisconsin Academic Standards for the specific content area

There is no need to take action on the notification of Academic Standards. This report will be noted in the meeting minutes as confirmation that the Board has been notified pursuant to the requirements of Wisconsin State Statute 120.12(13).
